Aww man, I was going to join in with the Gojira stuff, but I think I got rid of my Gojira playlist for some reason, and I don't remember what song I actually liked.

Fiona Apple-Every Single Night.

So I will just post new Fiona Apple instead.

Specifically, it was the new Gojira album, *L'Enfant Sauvage*.

EDIT: Oh yeah, I'm not currently listening to anything. There's water in my ears, if that counts.

(I went swimming immediately after I finished *L'Enfant Sauvage*).

Origins - 4mat

After Om disappoints and doesn't knock down White Suns the humble chip artist 4mat vaults over Advaitic Song's body and strikes at Sinews

we'll see how this goes since I'm only halfway through about.

Mogwai-Killing All The Flies

Edit: Searching through some Mogwai to work on my Post-Rock playlist. Damn, my post-rock playlist is getting big for only doing 4 songs from each album...
