You'd probably be beaten by the guards, and....strangely, you'd commit suicide by .45 ACP to the back of the head three times.

Shoo'd away by Central State Guards. If repeat offenses are noted then escalating fines before being required to go to state-mandated therapy.

Most of the time considered annoying but nothing legal will be taken because Central Guards have more important things to worry about.

Few years in prison if its really horrible. Huge financial compensation for the abused workers which likely forces your business to close. Also you will never be able to employ people in this country ever again.
