Stretched to a breaking point and groaning under the stress and hubris of its past victories, the Fatherland stands on guard. But on the forefront of a new world, fighting a new war from without and within, will it survive?

Not with that attitude champ!

" We will not bow to your dictation. We are free. We bled to be free. Who are you to tell us what we may and may not do? **We stopped being your slaves an era ago.** "

South Reinkalistan is a massive, ecologically-diverse nation notable for its roving student militias and widespread hatred for the elderly. In the midst of a room-temperature cultural revolution that's lost its momentum, the Party carefully plans its next move. As the brittle bones of fragile empires begin to crack beneath their own weight, history's symphony reaches crescendo pitch. The future is all but certain.

Wassup I'm the United States of America if America were still Republican since the Reagan administration. This is like the United States in real life except kind of alternate history; the United States keeps electing Republican candidates between 1989 to 2017 under the Trump administration. This represents my beliefs in televangelism, American-made guns, Republicanism, inability to read a Bible and be a true Christian, irrational xenophobia, vanity, insecurity, homosexual-in-denial etc.

OOO Beliefs: I don't have any, I just have a general hatred towards politics. Annoyingly optimistic nihilist awaiting the horrible future lying before us all.
