Monkey 800 got up in the middle of the night to get a drink of water and in the dark he accidentally fell out the window. He was unusually clumsy for a monkey.

When good beats evil, the sky's the limit.

Welcome to Duotona, the rushed nation concept that was made by someone with no understanding of politics! A mixture of many Asian, Polynesian and French cultures (no wonder the English haven't touched us yet), the skies are blue, the government is messier than Einstein's desk and the bees arrive in plenty.

Monkey 794 used to ignore railroad crossing warnings lots of times, and soon got himself heavily injured in a train accident. After recovering, Monkey 794 promised himself to stop whenever the railroad crossing lights turn on. The first time he encountered them, he stopped, but the train coming had derailed suddenly due to the driver's incompetence, hitting Monkey 794 and his car.

Monkey #789 was the monkey who killed monkey #791 by purging them in holy fire, but got burnt too. They survived the initial burns, but when they were taken to the hospital, the police came to interrogate them for the murder of monkey #791, and instead killed monkey #789 on the spot

Monkey 778 started playing bloons TD and spent so much on in-app purchases that he starved to death.

While playing bloons.

His final lament was that he didn't have the energy to get a paragon.

They'll walk softly, talk softly, and make soothing noises as they stab you in the back and take your stuff... unless you're another Caleshan, whereupon they'll only stab you in the back *figuratively*!

Used NS stats: Population. That's it. Anything else not stated in the factbooks is not used.
