I found this song at random, and both the song and video are awesome.

She has another album that showed up for 2013, so I'll probably go through that, too.

Trying to get some of the long songs I was slacking on out of the way. Got 4 songs that total like 50 minutes I'm going through right now.

Then John Zorn's like...2 hours of long songs?

And then I'm pretty much done with the Avant-Garde stuff.

Finished all my noticeable electronic stuff today, as well.

Makin' progress~

### Stone Temple Pilots - Down.

Probably the heaviest song they made since Core, and one of my favorites from No. 4.
