Mixed, might be a 50/50 there. More likely no given prohibition and conscription.

Soft no.

In a world where the Spartacists won in 1919 and Trotsky achieved his world revolution, Russia's minority dumping ground in the Far East is undergoing an internal revolution. Led by a sly artist-premier and his technocratic posse, surrounded by a salacious secretive Civil Servants' society, factionalist scheming, and (literal) backstabbing.

From the stats alone, which is the only metric, I would say yes.

Captcha stomped on by Valentijn, then lasered by Clarissa, snapped out of existence by Gwen, only to be brought back by Jolyn to shoot it 16 times.
