We're about 390 pages into this thread, hasn't writing clichés become a cliché in of itself?

Now my head hurts.

This thread is just the unofficial F7 chat thread at this point tbh.

I feel like the next incarnation should just outright call itself that but that might not be a good idea considering the official ban on chat threads in F7.

(I'm pretty sure this thread is allowed to exist by the mods entirely because it's not a pseudo-RP thread, so it's not like we're gonna start engaging in the erotic RP and shit that led to the mods banning chat threads *twice*)

Some of the equipment I've seen in some MT nations is pretty similar, if not just reskins of NATO or CSTO equipment. Is it universal? Honestly no. Only saw that with two or four nations a while back.

Unpopular F7 opinion: Making long and in-depth posts in F7 is dumb as hell because this board is ultimately temporary and the posts don't even count towards your post count. If I'm going to put effort into my posts, I'd rather do it on a board where the threads don't get deleted if no one replies in 7 days and the little number underneath my flag increases every time I do so.
