Either the Communist Party or the Northern Independence Party, neither really suit my taste but are the ones I disagree with the least.

In a world where the Spartacists won in 1919 and Trotsky achieved his world revolution, Russia's minority dumping ground in the Far East is undergoing an internal revolution. Hello, just so you know, the purpose of this thread is to respond to the nation above you and pick a party from their factbook! As I do not have a party named '[the] Democratic party' I can only assume you have misunderstood this. Also, you do not have a factbook for others to respond to. In future please read the OP of these types of threads before replying, as it would have clarified this for you.

If men were angels, no government would be necessary. If angels were to govern men, neither external nor internal controls on government would be necessary. In framing a government which is to be administered by men over men, the great difficulty lies in this: you must first enable the government to control the governed; and the next place, oblige it to control itself.
