Equilibrium is key, yet conformism is evil; choose what you do while staying true to the *nations motto*.

Socialism and The Peoples Opinion are my key philosophies.

Fact book in progress. Eventually it will progress.

Harry potter being from a fictional world that isn't real.

I do not exist, stop pretending I'm real. Accept that I am a mere illusion created by some random internet loser trying to trick you.

Nation based off of Wehlen from Torpor Games' "Suzerain". **This country is purely based off of the one from said game. I in no way support the**

policies of said nation IRL.

Formerly the nation of Kulonia (RIP)
Slightly left wing economically, slightly more conservative politically. (Left-wing conservative? Longist? Blue dog democrat? IDK)
Pro: Huey Long/Longism, nationalism, wealth redistribution of the 1%, welfare, isolationism, 2A
Anti: Anything racist, pure command economy, outright banning guns, pure capitalism, globalism, big military budget, despotism

You live in Italy, and they refuse to deport you because it would result in you getting executed (pretty sure that's part of their constitution)

Warning: Unless stated otherwise, NationStates stats are CANON. I am BRITISH! You have been WARNED!
