Democratic parliamentary republic. Probably has technocratic traits going by the presence of Stickmin using that device.

Presidential republic

I don't know how smart I am. I might be more wrong than I think.

I believe that maintaining the earth should be our first priority.  
I believe in the harm principle as expressed in the fourth and fifth articles of the *Declaration of the Rights of Man and of the Citizen*.  
I believe that gender roles are redundant.

Bisexual and genderfluid. I accept all pronouns. You don't have to worry about unintentionally offending me.

AAN: A Military Dictatorship where the Air force is in charge but they leave there population a great deal of freedoms and even allow local elections

idk the thing on there flag looks like an old plane to me and kind of reminds me of that Studio Ghibli Anime with the floating Island

AN: A Presidential Republic but the President does have a great amount of power similiar to the french one

Stratocracy

In a world where the Spartacists won in 1919 and Trotsky achieved his world revolution, Russia's minority dumping ground in the Far East is undergoing an internal revolution. Led by a sly artist-premier and his technocratic posse, surrounded by a salacious secretive Civil Servants' society, factionalist scheming, and (literal) backstabbing.
