Done with what there is of Gescom on Spotify. Only got Autechre left as electronic bands again. Though they have a LOT of music...Not an easy listen.

☐ 11 albums to go through, some that are like 2 hours long...

BUT I'm still in a electronic mood over anything else, so might as well stick with going through them for a while...

Not a huge fan of hip-hop. I like some but not much.

[Wavves - Lunge Forward](#)

Your nation is like a son. What it does right is your merit, as well as what it does wrong is your fault. When you praise it, be lucid and avoid exaggeration. Praising it too much can make it indolent. On the other hand, when you criticize it, be harsh, but do not ridicule it. Do your best to improve it, not through derision or disdain, but through good examples and dedication.
