Drug trafficking *in and of itself* is a federal felony and carries a sentence of 5 months to 25 years in prison depending on what drugs, from where, and in what capacity, were smuggled into American borders. Given it usually accompanies a wide variety of other crimes, most drug traffickers are not taken in alive however, so it's a *de facto* death sentence.

Ignoring it as long as it doesn't have any blackmail material, threats or information about terrorist attacks. If these conditions are met they are being tracked by IP address and go to jail for long investigation...

Not a crime, although it would certainly be frowned upon by Zarani people who would question the lack of care given to said child

Not any punishment as long as everyone that purchases/consumes the pot brownies knows that there is pot in it. Of course there could be charges for public indecency if they're getting high on the street. Using tainted weed or weed that's laced with something would also be quite illegal since they are not being told what they're ingesting, and could land the seller of the pot brownies in heavy fines and jail time depending on what substances they/their supplier laced the weed with.

From a store? You will be made to return the said item alongside a fine about 150% the price of the converter, and if you ended up losing or destroying it, forced to pay 200% of the price and possibly jail time. From a vehicle that somebody is using? You will have to return it to the person or pay for repairs if missing or destroyed. From an abandoned vehicle that nobody is really using? Then I suppose we might just be able to overlook that a bit.

Up to 10 years in prison for typical bribery. If it's a far right politician, that number increases to at least 20 years in prison

The individual would be fined and imprisoned for several days if such behaviour continues. A large fine, longer imprisonment and referral to mental health or other services would be made if they continue beyond that point.

What is the punishment for serial manslaughter?

Factbooks and dispatches (which are works in progress) are the primary source of information for my nation. I try to have my stats match my idea of my nation but I think policies are the stat I can control the most.

I don't dislike anyone here. Agree or disagree, we're all compadres. :-)

Minimum of 5 years of prison, but most likely minimum 8 since it was directed towards a minor.

That would probably end with you getting shot by said police officer some time in the future, otherwise simply disappeared from the populace and held at a detention centre.
