Heya! Just your ordinary ruthless pragmatic monarchy. We may be the lesser evil, but we are fancy and polite while doing it!

The "Mighty Mo" is an Iowa-class battleship built for the United States Navy during World War II. She is particularly notable for being chosen by General Douglas MacArthur for the Japanese surrender ceremony at the end of the war. She earned three battle stars during World War II, gained another five during the Korean War, and then was decommissioned in 1955 for over 30 years before her refit and brief six-year recommissioning in 1986. She is now preserved as a museum ship.

How the hell is this still an argument?

I'm in my 20s and had nothing better to do on a Saturday. I pull up YouTube, see some stupid shit, and go 'eh, why not'. End of story. It's just a choice people decided to make, and the "funni haha shitpost" has actual reason behind it upon further inspection, so my over-think-everything brain said "yeah, time to examine it". Also, yes Source Film Maker can be used for actual good, and not the unholy thing that is ST.
