Listen [here](#) if you're interested.

Diverse System is a Japanese doujin (indie) music company; I'm just using their name as the nation's name. As long as YsK (their director) doesn't catch me this nation will continue to exist, I suppose.
I plan to reference more parts of doujin music in my factbook(s), but that hasn't existed yet (as of now).

I promote/review doujin music on Twitter/Facebook as well; if you're interested check out the various links below.

Well, I'm not listening to a track in specific, but lately I've been having the promotional "Down The Lane and Far" away sampler disc for Jeff Lynne's album "Long Wave" on repeat. It's filled with a lot of cut songs (Only snippets for sampling though) that never made it to the album proper.
