You know, I'm almost tempted to rate this album the lowest I've ever actually rated an album I've listened through thoroughly...That one decent song doesn't save it enough. My 6 is my "boring" level but I almost feel like it goes into "very boring" territory. There's just...not enough good quality to it.

Gojira-The Link

This ones already better.

Got to love that trashy garage guitar solo ahaa....
