aquarian, sleep

we, unlike the bourgeoisie, have nothing to lose and therefore our expression will be the only honest one, our words will be the only challenging ones and our art will be the one revolutionary expression. We need new noise and new voices and new canvases to become something more than the last poets of a useless generation.

This song is sweet, and it was a great ending to the episode of Game of Thrones.

Who is in control of those in control?

[Why does Ben Lee \(who I assume is the linoleum faced 'wipe-clean-look' profile in the bottom right-hand corner\) look like Rene Auberjonois? Why would Odo be hanging around a rubbish looking holo-world full of quidditch goals that vaguely resembles rejected Final Fantasy 13 concept art? And what happened in order for him to want to breath tornados? And how?!... It would take a vaster intellect than mine in order to answer those questions.](#)

"Xanadu"--Rush

Just got the album "A Farewell to Kings" today. Loving it! My dad's favorite is Xanadu, but I actually really like Cygnus X-1 and currently consider that to be just above Xanadu, if only for it's awesome story about a guy who flies off into a part of space far beyond our Galaxy to investigate the disappearance of the star Cygnus X-1 from the constellation Cygnus, only to find it's become a black hole and is rapidly pulling his ship in and he cannot escape, leaving only the question: If one were to enter a black hole, would they be desintegrated, or transported elsewhere unknown? Really looking forward to getting Hemispheres (next album) to hear part two.
