TF2 no longer being popular, leading to no one getting all the references to it.

This nation reflects some of my RL views, but with everything taken to the extreme.

TF3 is released.

Merulla is the land of the brave, the fair and of the  
heroes.

A great kingdom consisting of fifteen federative like  
states, with a decentralized power, where the real king  
is the Merullean people.

Come and discover Merulla, where the waves are born.

The end of the thread becomes imminent and they hire Eminem to do a show to close the thread.

A deep fake of them is created and no one knows the difference.
