Apologies for jumping to conclusion, but it's still bad form to double post.

Ah, yes. United Eastern Vodia. Our intelligence tried to find a leader, but all we got was ERROR 404: LEADER NOT FOUND. From what we WERE able to gather, you too have mandatory conscription laws, ban those useless public protests, and are top 1% in Wealth Gaps for crying out loud, and your classification of Corporate Police State is pretty based. It wouldn't hurt to form an alliance

I feel like a /still me is justified since you didn't put anything about my leader even though I have an entire factbook dedicated to him

This woman is sick in the head. She represents the peak of cultural and social decay. Among her many "achievements" are the abolition of clothing, and the mandating of, as far as I can see, public sexual intercourse. She is without redemption, without talent, without any form of characteristic that would make her any bit capable of ruling. She seems to almost treat her country as a joke, a prank, one long gag to be played out over the course of several decades. Her mindless quest for love has brought her people... What, exactly? I see a dark future ahead, unless something radical changes.

Just like me, he is a dedicated nationalist who wanted to stand up to the British cultural imperialists in order to protect his country. Taking a stand against imperialism is always admirable for me, and the rest of my fellow politicians may agree with me. He was actually an incredibly popular president in his time, and in the end, I was glad he created the state he dreamed of. I'm also very supportive of many of the decisions he has made as the Taoiseach. And aside from his politics, I find his writing to be very unique. I actually read some of his poems and I loved them. This man was not only a great leader, but also a great poet. For all these things, I admire him deeply!"

There are many countries, that are as strong as his, but without all this damn mess he created. Why I speak so freely? Cuz there is no prospect of any realtions between us whatsoever and it can't be worse, since despite mutual dislike, war between us would be a just plain dumb decision and me and Rochester both realize this. What I can admist, is that Rochester is not just some incompetent entiteled dictator, who doesn't know shit about ruling but gives himself absolute power. Rochester is a competent leader and that's sad, cuz he uses his ability for the wrong cause. He could have created something much better in his country.
