This flag just screams neutrality. 149 out of 666.

*The Onigiri Enclave is a highly progressive scientific largely secularist nation welcoming to all (as so long as you aren't a bee or a jaywalker).*

It matters little how many X are Y so long as special provisions for Y-ness among X exist.

9.5/10 because of that three-headed horse/eagle thing and also the cross looks twisted like as if the nation/government itself has a twisted mind and also because of the axes on the top left. The only thing that stops it from being 10/10 is the blue background.

From what all I can tell, there is an air of malice about them. 546 out of 666.

**All Praise Our Great Leader The Giant Rubber Duck!**

RubbaDucky, land of freedom, justice, and duckies

NS Stats currently used for basic reference. Don't take it too seriously.

What if the entire planet was plagued of millions of giant, living and

undestructible rubber ducks? The answer is RubbaDucky!

When you visit RubbaDucky. NEVER FEED THE DUCKS WITH BREAD. DUCKS

HATE BREAD. And remember Rubber ducks in RubbaDucky ARE LIVING

CREATURES, like regular ducks.

Partially inspired by the Third Odyssey mod for EU4, this nation is essentially a Byzantine successor state in South America that has fused together Ancient Greek Religion with Greek Orthodox Christianity. It mixes the aesthetic of Byzantium and Ancient Greece, with very open and liberal social values but with an Imperial Monarchy. NS stats are referenced but are not strictly followed to a T.

10/10, pure evil, putting text on a flag.

I felt like going on a power trip, and thought to myself "Hey Ell, what nation/faction would be possibly the most overpowered one you could create?" And somewhere in my head the name "The Combine" screamed. So this is exactly wat I'm doing! Pray that the Union doesn't notice you, because it probably won't.
