This random ahh bilingual man would now take advantage of this, and would escape with his snake on a plane (ik right get it???? reference?????) and landing in Geneva before making a "rock song" as called by him, dedicated solely to why Britain was jackshit and how Scotland should revolt, proceeding to try to release the albums in Britain. He didn't know if it got to Britain, but DAMN it became moderately popular in his local city of Geneva.

Statesburg™ (he/they): **Disagreement ≠ Defamation**. I lack the motivation to write much these days. Suck on this, bigots.
TG me if you want to talk about random stuff or if you want a countryball, unless you're bigoted. Self-deprecation is my one skill. I eat bassoons when I'm called British, even by myself. I hit 100 before Canada Day!

Montibuse, for its authoritarianism, its size, and the fact it controls multiple planets. Hundermenschen is primarily made up of non-humans, but they likely wouldn't find themselves on our radar as quickly

Controlling multiple planets is not that big of a problem...right? Though Montibuse does seem overpowered.
