Can't make out what the flag is supposed to be. So I'll just assume they're well meaning extremists.

My travels take me many places, from the scorching sands to the cold, dark vacuum of space. But I always return to my friends and family at The Pub.

6/10. Quite dark colors but nothing inherently dangerous. The fortress/rook emblem in the center also implies that the state is militarized/"prepared" but also that this isn't really an expansionist, but more of an aggressively defensive, state
