I'm 100% convinced the average IQ on this website is -12 because there is literally no other reason why so many people look at my OOC flag, which is very clearly a drawing of a wooden doll wearing a stereotypically Dutch outfit, and think 'anime'.

It looks animated, ergo anime.

Or maybe they'd previously seen nations with flag waifus & then deduced that it must also be anime.

People have a very weird sense of what is anime and what is not. Several

comic book characters on f7 were mistaken to be anime.

One unrelated thing I find is alot of very young leaders of nations. Like I understand if it's a child monarchy or a military dictatorship but a prosperous democracy led by a 6 year old girl is slightly far. Especially in cases of democracies, there are alot of presidents and prime ministers that are 11,12. They do not understand how elections and politics work. I'm not advocating for a gerontocracy in every nation but this is nonsense.

And then people say 23-33 y/o is too young for a leader but skip over the 10 year old king. Ironic.

To be fair, a monarchy's only real requirement for succession is "be related to the previous ruler." A 10-year-old king makes slightly more sense than, let's say, a 10-year-old Prime Minister or Lieutenant General

still it does annoy me slightly when in the F7 thread YL's opinion on AL I get "Oh, shes too young to be a president!" when my leader is 23, previous one was 27, they also got the same comments in spite of suffering from extreme stress and, paired to disease, appears to be in his 50s.

Tldr slightly older guy who was sick is "old enough", but chick who is 4 years younger and looking more youthful is too young.

Another thing is when people purposely choose the most attractive, graceful, smooth, charismatic, beautiful, hot, young person to be their leader. I feel like I'm the only guy on f7 with a literal prune ruling the nation. Old people are hard to come by these days. So do ugly, or normal-looking people. I'm guessing that is why there are so many anime characters on ns, since it's such an overused art style and it's very hard to draw an ugly anime character, and there aren't enough fitting and cool portraits of non-anime style. Believe me, I've tried, and so did my friend United Departments of Europe. The reason why they had an anime character for their leader was that they couldn't find any other picture to use. But those who don't use anime still use the best-looking images possible for their characters. It's pretty unrealistic to have super attractive people in charge of your country. Look at a single world leader today and compare them to f7 portraits in AL YL threads. The youngest one is Fat Kimmy Boy. The youngest leader on f7 is probably 6. There's not a chance.

This is politics. Not a beauty contest. I know NS is not meant to be realistic but this is slightly ridiculous. I mean the is AL hot or not thread where forum members compare their Marilyn Monroes and Chris Hemsworths is the most popular AL/YL thread on this freaking forum. No offense, and I am not targeting anyone. I'm targeting nearly everyone.

Sorry about the rant. **CHOOSE MORE GODDAMN UGLY LEADERS!!** 🤡🤡

I don't get why some people go into threads that basically require you to read other nations factbooks and don't bother reading them at all, even for the stuff about the threads topic. If I had a nickel for ever time someone called my nation third world just because it's in Africa...

Also yeah it would be nice if people would make less supermodel/waifu/husbando leaders

I try to avoid conventionally attractive leaders in general, only to then learn that my standards are way too high.

Jerry, for example, has gotten several OOC comments about his looks when I thought he looked average/slightly-above average.
