Some form of neopaganism that involves sun-worship.

QUOTE

## State Atheism with trappings of Satanism

Partially inspired by the Third Odyssey mod for EU4, this nation is essentially a Byzantine successor state in South America that has fused together Ancient Greek Religion with Greek Orthodox Christianity. It mixes the aesthetic of Byzantium and Ancient Greece, with very open and liberal social values but with an Imperial Monarchy. NS stats are referenced but are not strictly followed to a T.

QUOTE

Gosh golly could it be satanism?

Dictator-backed dedication to absolute civil freedoms, ultrabureaucratic pseudo-socialism and heavily-armed neutrality. Fueled by PMT\*/FanT nanopunk schizotech, eldritch red tape and snazzy neo-cold war aesthetics on a broken continent.

Factbooks are currently in the middle of a Big™ Rewrite™, almost everything's out of date and ugly. Don't read them.
