Car impounded and crushed, license revoked. Sometimes comes with 6-12 months in jail if it's very egregious or a repeat offence.

Refusing to pay a fine (e.g. a parking ticket)?

Depends on wealth. If you are poor, you get another fine that's 50% cheaper than the previous. If you are rich, off to torture-for-life you go!

Killing someone by accidentally mixing up their medicine.

Assault I think. As the victim is not American, the sentence would probably just be a fine. Non-citizens have few rights here.

Blackmailing the leader to give your company lucrative government contracts.

Government officials - from ordinary governors to ministers, and even more so the head of state, have immunity about responsibility and equality before the law. P Plus, the corruption base is quite strong in the country, therefore, you will not have any problems with the law if you have money.
