Lescaaris, a progressive democratic-diarchic merchant republic in the near-future "post-post-apocalyptic" America, where society is rebuilt and new nation-states have been created while the United States government is nowhere to be found (I doubt the setting is really important and relevant though). Famous for European architecture, EDM, nightclubs, civil liberties, job opportunities, and trade fairs.

(To get a general theme-idea, Lescaarch culture is a combination of Dutch, Italian, Belgian, Monégasque, and French cultures.)

0/10 - there is no evil here

- Spartan Empire -

The Spartan Empire was/is a nation mainly in the Balkans, owning modern-day Greece, Bulgaria, Macedonia, Montenegro, Albania, Kosovo, some of Serbia (including Belgrade), some of Romania (including Bucharest), Turkey, and (depending on the timeline), Cyprus, Syria, Lebanon, Mandatory Palestine, Jordan, the Caucasus, and [more](#) (to be updated). This is another fascist nation of mine (I got an unhealthy amount of them despite not believing in the ideology). There is what I'd call a mirror nation of this one ([-Spartan Empire-](#)). So yeah. I don't know what else to say for the time being. :)
