A Timeline where Kerry managed to fend off the AAF, he tries not to shoot himself when he finds out he's promoted to CO of a division comprised of Rookies.

Watch as Ben Kerry struggles to keep up with CSAT hunting him down, his own soldiers worshipping him as a God, and an angry Brit under his command stealing earthquake generators.

Hi, it's been a while. If you're seeing this then it means what I'm working on is not quite done yet. You can still read my old stuff but it's probably not canon anymore. I'll try to get something up soon. It may or may not involve wizards.

The Karevkan Soviet Union is an alternate history Russia whose history is mostly the same (although under a different name) until the Karevkan Revolution in 1917. More progressive in its policies than the IRL Soviet Union it has a market socialist economy and more civil rights and freedoms.

They have beautiful clear skies from which you can observe the Aurora Australis, dense evergreen forests, and lots of penguins. They're also a bit indecisive, since they can't tell which of these three is the greatest feature of their nation.
