"Friederich seems like an excellent fellow, well-suited for his position, and does an excellent job of being a constitutional monarch. I admire his respect for his people and their liberties and wish his country much success, as well as hoping our states may blossom some sort of strong friendship. I hope we may meet sometime soon." - President Sir Steven Attenborough

*"Politically, I see Mr Attenborough as a capable and hopeful leader, with his mind and vision in the right place, even if it might come out as contrary against the other. Personally, I do enjoy the fact that Mr Attenborough likes reading and is interested in literature; it is just a rarity to find people like him nowadays, oh and he likes travelling! On a side note, maybe he could take me hiking one day? I always wanted to hike the Everest or Kilimanjaro but work is work"*

"But what the difference? The bitch displaces people based on class, and Casey... he decides people's rights based on race. Thinking, that blacks are "anti-democratic". Hmm... wait... that may be a policy, that sucks, but if ya' go deeper into history, it actually makes some sort of sense. I mean, in Ancient Greece, all citizens could vote, but citizenship was determined by lots of factors, such as wealth. So, he just can deem those of hated race "residents" and call it a day.

That's why we prefer anarchist principles, they are more internationalist and any sapient being can join us and aid our cause. I don't exactly hate him, just believe, that he has some misguided beliefs." -Shawn Bjornson

[Chief Aviator Gwen Tracer Hepburn](#) ["Fate of Existence and the Ormiverse"](#) [Ellen Trixie Caitlin Foxworthy Avril Verlene Eveline Celinda Sammy Doris T-Rev Oxtan Arielle Lindall Leslie Vitesse Allison](#): I missed out this part of the scummed multiverse, I'm afraid. At this moment, I have nothing to do, other than to watch these people move on with their current lives. Why, you might ask? Why can't I just erase them, or at least make them nicer? I don't know, call it a hunch. I feel like erasing them, as much good as it will do, also has unintended consequences. For this very reason, I shall decide to leave this for the time being, but I might visit them again... perhaps one day! And by "revisit", I mean I am bringing my fucking railgun, if you know what I damn well mean! And maybe this time, I will finish the job instead of leaving it out. Paperwork to prepare for now. It's not bad enough that they have assaulted my eyes with this barely visible interface! You would think the Master Race would know a thing or two about technology. Shows their incompetence.

And as for you, my friend... I unfortunately cannot find a lot of information on you. I have looked at it as best as I can, but there seriously is nothing about you. Now then... that leaves me to two things - either I can skip you, or I will indulge you. I guess I have already chosen the latter, so... tell me about yourself, King of Rome. What are your interests? Do you have plans for tonight?

Let me rewind back several pages... aha, here I go. [This one. X marks the spot.](#) Ms. Feodora! A shame that she didn't really get the attention that she deserve back then, and I hope that I can only apologise and rectify that for you! Such a lovely, lovely woman! I am glad to have the Zitragradians coming back in full-force, in a positive way, of course! You know, these forums have been less fun without you and your folks, so I am absolutely elated that you are making a comeback! Well, for yourself... I am very positive, of course! A woman of scientific pursuit and freedom of speech, just the way I like it! I would gladly wait  $10^{100}$  years for you and your folks are coming back regularly. It is simply an absolute delight! We should talk about Physics sometimes - I think it will be up our alley!

Answers beyond your wildest imagination? Contact your local Deity to talk to the Fate herself. Or give Fate a phone call. She has a phone too, yknow?

I am glad, that she survived the black hole, and in such way, that she gained ability to be always able to enjoy the new places and dimensions. I hope, she will visit Skyhooked one day. A pornographic actress made a politician, what is this? What allowed this to happen? It seems almost unbelievable and absurd. Regardless of this revelation, Lin has surprisingly been competent in her leadership and hasn't done anything unethical methods to achieve her goals. Overall, Yang has performed well, and has done much in keeping the few from cutting off the competition. My assessment is positive.

@Queen Tove Garmsdóttir

Well, then. It seems Tove is completely irredeemable and has dedicated herself to be the worst that she can be. No wonder, her country is drowned in sanctions. My assessment is negative.

#### Rapture City

- In the underwater city, two roles have emerged from the City's ongoing civil war: the **City Monitors** who defend the peace and the **Red Caps** who fight against unjust systems. The city's infrastructure is crumbling under its own weight and kinship is snuffed by the paranoia of totalitarianism. Yet the people would be in for a surprise as their virtual overlord have died many years ago as the oppression continues under his name...
- Not an 1-1 exact replica of **Bioshock** lore and **Rapture City**. Only the city's atmosphere and setting is maintained.
