"Hmm... An anarchist? Those are no different than terrorists. It's a shame too because she would probably pull the pity card saying that she's in the right because of what happened to her at an early age. Well, I think that's wrong. You chose the path of an anarchist. Any consequences you face are your own fault. If your version of standing up for what you believe in is committing acts of terrorism, then you've earned your place in the deepest pits of hell. Anarchists, terrorists, whatever you want to call them. They are cowards. I would hope I never have to meet this person for real."

The Statement on Supreme Acolyte

**"He has both been betrayed by others and in the role of the betrayer. Yeah, sounds like a backroom backstabber. He is a personification of the inquisition, the things it stands for, and all the**

bad qualities of it. Yet, he is worse than an average zealot, as he actually has head on his shoulders and is relatively sane mentally. Seeking power for sake of power sounds so INGSOC."

"Huh, it doesn't seem that his species really care about their children that much, and taking thirty years to reach adulthood? That's a very long period of time. Being cast out of the collective for planning terrorist acts? Sounds pretty reasonable from their side. Sadly, he not only survived but thrived, and took out his political opponents swiftly. The High Priest probably was no goodie either, but he most likely would not have approved of using his conspired death for changing the structure so much by purges. Sounds almost like a standard politician."

"As for his politics... So, he is basically the grey cardinal of a church which uses inquisition? Sounds kind of a downgrade, but what are we to say. Ruling through fear and constantly expanding with goals of taking over galaxy - yeah, this screams of some megalomania. "Himself" being listed as "Pro:" shows that he perhaps has a big ego, and while we do agree with state capitalism and patriotism, his totalitarianism, imperialism, and most importantly - religious extremism, are some things which should have settled at history's dustbin, not be dragged out. Him being "neutral" to fascism is outrageous - that ideology murdered and attempted to murder millions of people during WW2, and for all USSR's flaws, our people fought back against the fash from Germany, as we would have surely been next on the chopping block. While we don't exactly like dissent either, the rest of his anti list is straight up edge and painful to read."

"Personality wise, yeah we get it - you are a shadowy figure preferring to sit behind the scenes. You are one helluva of a manipulator, but let we tell us something - being too confident is the quickest way to ensure someone's downfall. He is pretty much a definition of snake, with no set of morals and opportunism. A psychologist would perhaps call him a sociopath."

Acolyte's ascension up the ecclesiastical hierarchy. I admire this priest's tenacity, his relentlessness, and his stalwart stance against those less than him. Too often do I see leaders pander to the dregs of society, to useless lowlifes and unproductive rabble. The Acolyte however uses deadly force against such lowly parties, and makes them submit to his higher and more prestigious authority, as it should be. I'd like to think he is too intelligent to actually believe any of the nonsense that his Church espouses, and only uses religion as a tool for the subjugation of the populace. For such a seemingly gifted manipulator surely wouldn't submit himself to fabricated gods or spirits. Him being a crafty manipulator also leads me to think this, just look how he uses his Church's superstition against its own members. The so-called inquisition he has set in place is an impressive instrument designed to use the naive religious fervor of the mindless masses to silence dissidence and maintain his regime's grip on power. Quite brilliant, I must admit. It is indeed refreshing to speak upon a truly talented and actually competent ruler, and not have to drone on about some sniveling politician or idealistic peon. In fact, I would even like to entertain the Supreme Acolyte at one of my residences, to enjoy the company of another great interstellar statesman."

"From a cunning and clever ruler, we go to a guileless and dense one. How tiresome. President Jamal is another one of those common bureaucrats devoid of any skill or aspirations. He is among those cabal of career politicians whose leadership always leads to stagnation. They are only footnotes in history, to be soon forgotten after their terms have expired. Instead of making any sort of worthwhile contributions to their societies, they rather stand idly by and do nothing but sign papers or give occasional speeches. I have no patience for these worthless politicians, and I only hope that they are swiftly usurped and replaced by actual competent administrators. Jamal himself is equally spineless as he is inept. The fool even refused to implement the social law mandated by his own religion! I ask in all sincerity, what has this man ever done that is worthy of recognition?"

Eien no Yorokobi - Gikochinai

"heh, this one has a rather positive and hyperactive personality. nothing wrong with that at all, of course, considering all the other craziness i often see around here, its quite refreshing to see such. though lets get straight to the political views. she is an authoritarian who cares about the happiness of her people, so pretty much on par with my views right there. she opposes corporal and capital punishment, which i can "mostly" agree on, it really depends on the severity of the crime... there are some real sick minded people who deserve it... anyway, moving onto her view of war, which again, matched my view on it. she doesnt tolerate discrimination, again, good... i see she has the ability to use ice magic. nice to see another who is familiar with the arcane arts, though hers is very specialised... Honestly, i can hardly see anything that i can fault for her, she has a good head on her shoulders and would make a good friend. maybe i could teach her a few things on combat with her magic, if she has any interest. overall, my view is positive."

Western Fardelshufflestein - King Alastair Laertes Amadeus Ludwig Kehr IV

"theres not really much i have left to say about alistair. i did warn that he needed to sort himself out lest things took a turn for the worst, and unfortunately it finally caught up with him... as much as i could offer him a quick recovery with our medical advancements, how long before it happens again? i would have to know for certain that he would not squander the second chance... i guess we shall see how things continue, but until then, i have my concerns for him. he is lucky to have a wife that cares for him..."

- POST NINJA OPINION 2 -

Miranda-22 - Bertie Price

"there is a lack of information on Bertie, which is a shame considering he seems quite a bit of a story to him. a self-admitted jackass? i guess he would have some honesty to him then, but i have yet to see anything that warrants calling himself such... still, the edge of space, thats pretty rough, i would know... so some respect for him being out there... overall, ill stay neutral till i know more about him"

**"I don't know what this thing is, but it is without a doubt, living breathing degeneracy. I don't understand what world you have to be in for a non human, *bisexual*, cosmic dragon figure to exist. It is most definitely deserving of death since it is a dragon, egalitarian, heathen and non-heterosexual, though it seems to encompass universes. It's a degeneration of the fabrics of life and I refuse to believe it exists. I regret going on this F7 thing that Geswampo Director Thelonius showed me, now that I've seen unholy eldritch monsters that must be burned and annihilated. It's support for equality, which goes against National Feudalism as an idea, only adds insult to injury."**

"What the hell is this man?! Ahaha, he's so pathetic and dorky! I mean, look at him! He calls other degenerates, but he has the face not even a mother could love! Ahahaha! Holy hell, this is too... too much! I think I'm going to die from laughing and cringing so hard! *Ahem...* Let me try... to come up with something... Pfft, I can't! He's just so much like a Saturday morning cartoon villain! Ahaha!"
