Pauxia is an MT, Type 6 Civilization that follows a modified form of National Socialism. It is situated in a fictional continent called Orlica, which has an approximate size of real life North America. In Pauxia, preserving our own race is an important priority. People of different race would be deported or be killed in a genocide.

Right nation, wrong location. I do give a major hint in my factbook.

Since Lillorainen's geography is currently being overhauled a 'tiny' bit, most information on it posted before December 12, 2018, is not entirely reliable anymore. Until there's a new, proper factfile, everything you might need to know can be found [here](#). Thank you. [#RetconOfDoom](#) (Very late update, 2020/08/30 - it's still going on ...)
