They fought a system spanning war with a brutal theocracy, in which their capital was sacked.

**Ommumwrote:**

They utilise council communism and soviet democracy. As a communist, I tend to stray as far away from the soviet union as possible in possible futures, so its interesting they chose to embrace that.

Although the concept of soviet democracy originated in the Russian Empire, it has almost nothing to do with the USSR beside it's name.

Loulan occupies the territory of RL Xinjiang, however it is not populated by Uyghurs, but rather by an ethnic group known as the Tokhari. They are differentiated from the Uyghurs given that their language and ancestry are Iranian instead of Turkic in nature.
