Blah, I hate when I can't find anything I want to listen to/go through, even though I have over a hundred bands to go through still and countless albums.

I think it is because there's TOO much.

You've begun my favorite rock album of the 90s. The first few tracks are the weakest ones unfortunately. Would?, Dirt, Down In A Hole, Rooster, Angry Chair, Hate To Feel, etc....all great great great songs.
