Not a crime, there is the right to refuse service in Andronya. Most establishments don't do it, since it's usually bad for business, but the right exists, and using it is not a crime.

Selling adulterated alcohol that harms/kills the consumers.

Up to county, with the lightest penalty being 10 years and strongest being death.

Coldwoods is a fictional country based in the Western Isles. The Western Isles is a realistic roleplay region designed to exist in reality while not being in the same universe as ours. Coldwoods does not use Nationstates statistics, but rather its own statistics found in its overview factbook.

If it's YOUR property, doesn't physically hurt anyone and it doesn't cause damages to other people's properties, go right ahead and do it, it's not a crime. If you damage someone else's property, or even

worse, cause the death of someone it could go from hefty fines to the death penalty if somebody died as a consequence.

Making a recipe for chlorine gas and posting it on the internet as something else (Essentially saying "You can make this with this recipe", but the result is a very dangerous chemical gas that can severely injure or even kill a person if they actually do it.)

While our constitution has something about freedom of speech, given the severity of situation and what could it cause, we gonna be forced to remove that and hold whoever wrote this shit liable for all the damages. (Potential manslaughter charge if someone is killed because of that). Msileading, that leads to death is not exactly okay.

Using political influence of different sorts, attempting to put an insane monarchist in power, who would try to cleanse YN for the arrival of a king, who is actually long time dead. His cleaning will include lots of chemical weapons and fanatics wielding them.

Sky Reavers are retconned Skyhooked. A bunch of crazy, wild everpartying semi-anarchists, who are resistant to cold, heat and diseases, can process booze like hell. MT/PMT tech. Wanna know more or have a request? It's here: <https://forum.nationstates.net/viewtopic.php?f=23&t=505973>

Remember, the fact, that we are semi-anarchy doesn't mean, that ya' can go around and rob random people. We still got law and order, loose as they are.

They will be either be:

- Permanently exiled from the nation,
- or in some cases
- Executed by either being fed to our Black Tigers or any kind of method, which is rare considering that Khantashonia has sorta-kind of abolished the death penalty a few weeks ago.

The money stolen has to be returned, plus an extra, hefty fine (probably around double of the money stolen), and depending on your occupation (lawyer for example) your license may be revoked.

Thoughts are not a crime but verbal calls to arms is and a plan between two or more people (conspiracy) would be. In this case it would be exile to a country with more permissive laws on the issue (the former) or amputation of a hand and foot (the latter).
