Also take a look at my [Policies](#) factbook for my canon policies and short explanations as to why they're like that.

Their name is a translation, from the old dialect of Kavoc is Northstar. This is because the original settlers followed the north star. Similarly, their capital, Novagrad, means northern city.

Kokichi Oma was born in Tokyo, Japan, on Mount Fuji. It was a clear sunny day, with blue skies, and double rainbows. The cherry blossom trees began to bloom, along with many other flowers. At night time, a bright star shone, which could be seen kilometres away from the city. It is generally believed that he descended from the sky, and landed calmly on the earth. Where he did not even shed a single tear. This is all true because the Ultimate Supreme Leader said so! ~~It's not like he's lying.~~

Yep... all of this read just like North Korea. Or the universe really did celebrate

Please please please please read my Factbook. It's short and to the point. You will get the premise of this nation perfectly by reading it. The Caliphate is not in Iraq. We are not the ISIS. It's located as a union of Hejaz, Somaliland, Somalia, Yemen and North Sudan.

Apparently if a candidate to the throne does not bear the unhyphenated name of von Berun, either by marriage, by birth, or by adoption, they are automatically disqualified from taking the throne.
