All that remains is to show that biological systems replicate in such a way as to satisfy the minimal criteria required for evolution to apply to them, something which has already been adequately shown time and again. At this point, we've pretty much proven that not only can evolution happen, it pretty much must happen since it's basically impossible to prevent it from happening.

Dissection - Thorns of Crimson Death

Hear the choirs...

Is it the wind that brought back their CRIIIIES?

*Once forged in blood by tragedy,
Sharp were the thorns of crimson death*
