It turns out this trench is actually a camouflaged spaceship. Man enters and pilots it out of the war zone; the soldiers nearby cease fire once they see the ship.

Man wonders why he is stuck in a trench with a very rude English-speaking human and a very hungry Armenian-speaking alien.

He also wonders how he speaks and understands English, Spanish Armenian, and maybe even more...

The question for the man to ask himself, however, is how an alien from outer space understands Armenian.
