PMT/Early FT - Decopunk. Zitravgrad is a crowned republic in a planet somewhere else in the universe. The formerly wartorn nation keeps a facade of normalcy and order while enjoying the societal and cultural decadence that marks the new Roaring Twenties. The paranoid authoritarian government tries its best to uphold order in the face of uncertainty, while its people want nothing more than a breathing space. A deal that works, but maybe not in the long run. | [My NS-Related Art](#) | Hehe bad meme as flag
