I just want you to please note that any knowledge I show throughout NS is based off of a 3rd grade education. All this means is that I probably know absolutely nothing about any subject I post about.

this stuff is fucking awesome! http://rebeccablackonline.com/?page_id=68

"As the Americans learned so painfully in Earth's final century, free flow of information is the only safeguard against tyranny. The once-chained people whose leaders at last lose their grip on information flow will soon burst with freedom and vitality, but the free nation gradually constricting its grip on public discourse has begun its rapid slide into despotism. Beware of he who would deny you access to information, for in his heart he dreams himself your master."
