Monkey 944 thought that he could jump out of the bus to escape the crash, which worked, though he lost all his school work in the process, which he very direly needed due to an upcoming maths test. The Monkey had a heart attack realising this.

Monkey 943 ate a vampire bat. (Please do not eat bats anymore). After that, he got tired and slept with a banana and a bowl of water on his bed table. He dreamed, that he stood in front of a mirror with the banana in his hand. "You are an idiot", said the mirror image of the monkey 943. "You are that bad, that I do not want to exist anymore. If you died, I would die. So if I die.... well you must die", said the image.

The mirror image grabbed the banana through the mirror from the real monkey, so that 2 bananas were visible in the mirror.

"If I eat your version of the banana, I get poisoned and I die. Mirror images may not eat real bananas. Have nice last hours!"

He ate the whole banana.

Monkey 943 woke up in horror. He looked at his bed table. The banana was gone. He tried to drink, but - there was no mirror image of him in the water anymore.

He felt sick. Nobody has ever seen the mirror image again, until he died.

monkey 942 entered monkey 943s house and then saw monkey 943 eating a vampire bat, monkey 942 left monkey 943s house out of disgust, but not before tripping and falling into an endless hole, and then falling into a smaller endless hole, after 8 hours though he saw some wood flooring on the end of the small hole, but because he was falling at 6792 kilometers per hour, monkey 942 crashed into the roof of monkey 943s house, then falling back into the endless hole by falling backwards, and then after 26 hours, gets sent into space at the other end of the smaller endless hole to die by suffocation.

I do not exist, stop pretending I'm real. Accept that I am a mere illusion created by some random internet loser trying to trick you.
