Not a crime, unless animal maltreatment or abuse found, or without hunting permit.

In case of Abuse: 10,000 maximum fine, confiscation of illegal gain (if any). Incarceration up to 2 years may apply in severe or multiple cases.

Without Hunting Permit: 5,000 maximum fine and confiscation of all hunting gain, optionally: the person may buy hunting permit to have partial waiver on their fines.

This goes under the Conquestors Law.  
This Law states:

Any person who messes with the train for no reason other than to disrupt service will face a \$1000 fine, then 1 year in jail for second offense. The years in jail are doubled every time.

Not a crime *in se*. Possession or consumption of products from enemy polities, or those without trade agreements with the Union, is. This can be escalated to treason (death penalty) if the item or the consequences of consumption of the item are particularly grave/antihuman.

Conspiracy to incite violations of the Constitution.

During peacetime, unless you are doing it in order to eliminate democracy in the country, its protected from free speech rights. During wartime, life imprisonment, even death if you betrayed the nation (never applied in Bilancornian history).
