I keep mixing them up with some other nation so they are not that known to me but with how long they have been on NS they must be known by at least a few nations.

they are an absolute standout amongst F7 and the other topics they frequent. To also mention, my interactions with them have been positive in entirety, and I know them pretty darn well, myself. ☐\

Ninja'd.

New Eestiball is definitely known throughout F7! I'm unsure of the other topics they frequent, but I would imagine they are moderately known there, I have no reason to doubt that, after all. I've seen them a plenty of times, and every single time I see them, we have a friendly/overall nice interaction. I think they are one of the few F7 standouts in my eyes, and for only good reasons, too!

Pretty well-known it seems.

To preface: I don't believe I have interacted with Opluentia. I would certainly remember their name & flag if I did! Their name is unique, and their flag is quite beautiful. That being said, however, I think they are moderately known within F7, and for mostly good reasons! Although their post count is a little low. Is this a puppet nation? That might make more sense, then. Either way, I do hope to see you more often, Opluentia!

I can't say I've seen you around much F7, though I am very new and seldom check in other forums. I'm willing to bet at least several people are familiar with you though.

Factbooks and dispatches (which are works in progress) are the primary source of information for my nation. I try to have my stats match my idea of my nation but I think policies are the stat I can control the most.

I don't dislike anyone here. Agree or disagree, we're all compadres. :-)
