Never saw them before, but they might be known outside F7.

Pretty quite known, with decent lore and Factbooks to boot. I do wonder if they're a puppet of someone else, but I would rather not assume,ahaha!

Ahh yes, where should I start? Not even mentioning the fact that I always happen to be the PERSON WHO SAYS HOW WELL KNOWN HE IS? Anyways..

He is quite well known on the site, though he mainly hangs out in F7, he has one of the most recognizable names on the platform, however, he seems to be boasting a new flag.

I have not seen them personally, but that does not detract from how well known they are, in any sense. They have been on NationStates for a good while, F7 especially, so I imagine they're very popular there, and in general, I think they're most certainly known everywhere else, as well. ☐

I see them quite often in the forum, but I don't think they're very well known. I could be wrong, I feel like they're well known, but I can't say, maybe it's because we're in the same region. I dunno. I can't decide how well known Orlesia is.

In their region, oh yes, more than well-known, given their very frequent activity. On F7 and on the forums, gaining traction (TM).

An absolute legend on NationStates, and a great friend at that, they've helped me make my Factbooks, actually. ☐

Not only are they a legend overall, but even *moreso* on F7. Their presence there is awe-inspiring, and I feel happy whenever I see them.

(Although I should talk to them more often, sorry Drogonia! Life is busy and stuffs!)

Ninja'd!

Ah, the Norse Inuit Union, I believe I already responded to them before, but I'm more than happy to do it again, because I like them so much. ☐

They're very well known, especially in F7, as a respectful, kind and just awesome member in general. I enjoy their presence in every instance of seeing them, and hope to interact with them more!

They're actually pretty old. Name sounds familiar, but I can't say I've seen 'em before. Moderately well known, I'd imagine?

They're an F7 mainstay considered to be pretty much universally present in some way in most of its threads. Outside of it, they're not too known, but I'm certain some know them.
