I am angry!

Never before have I met such a repulsive individual. One that advocates for Aryan supremacy, militarism, ultranationalism, slave labour and eugenics? Warmonger. Racist. Leader of Genocide. Fascist. An overall twisted individual. This person- if we can still call them that, for one with such hideous ideology and acts are no longer human in my eyes- is someone I would not hesitate to jail for a very, very long time. There is nothing positive I can say about them, at all.

"She has existed for longer than any natural being should. Such wasted power. Shut up! Another enemy of tyranny. Of order. Shameful. Nobody asked you! Focus, pretender. I WOULD FOCUS IF YOU SHUT UP FOR FIVE SECONDS! Much like a certain *someone* I know all too well, the Chairwoman wastes her potential. Compassion. Mercy. Restraint. What good are the chains of morality? She holds such power! Such possibilities! And they are left utterly squandered for the sake of her pathetic ideals. Equality? Peace? Self-deceptions, nothing more. Stability she can have- if only she would rule with the fist of a tyrant at least! I rule with the will of a goddess. Beyond divinity! And all she proclaims is utterly misused. It is a travesty to witness and I hope she is made to suffer for all she has forsaken in the name of failure! ...are you done? Good. As I was *saying*, she is an enemy of tyranny. She does not understand the importance of order. And yet she has endured for so long...how can she not understand? Has she spent those centuries achieving nothing, watching and waiting as chaos took hold? Don't listen to *Her*, but I don't think the Chairwoman has worthy ideals. I'm not expecting a playground of torture. But stability, order, peace...these things are linked. Chaos will reign in her ideology. It will crumble. It is inevitable. It is...unfortunate. For her."

-Aozora Chiyumi, Supreme Overlady of All Reality, She Beyond Divinity

AN:

"I've never had a sister before. No, *you* don't count. I wouldn't want to be related to you anyway, pathetic filth that you've become. Whatever. The sisters are largely similar, but that's not necessarily a bad thing. I don't take issue with their nationalistic approach, though I'm not quite sure I understand their ideology. It is irrelevant regardless. They are still held back. They fraternise with the unworthy in the name of something as pitiful as tea. Ridiculous. And to not take even the chance to poison it is an utter waste. Oh, for goodness sake, are you really going on about *that*? Yes. Just- they're identical twins, their ideology seems all right from what I know, I don't know why they have dolls- When they could have living playthings instead- SHUT UP!"

Actual AN:

"A menace of the oceans. An agent of chaos roaming the seas for nothing more than wanton greed. I like him. You're just saying that to annoy me. He does what he wishes. Unlike some people I could name. Who feel obliged to follow restrictions of

needless obligation to the lesser, as if the opinions of others somehow matter- Enough. Stop wasting my time! Look, just look at him! Naosu would have a heart attack at his spread of poison- If your mercy had not gotten her killed- I SAID ENOUGH! He's a piece of filth traitor and that's all that needs to be said about him for me to hate him. He'd hate you too. Because he loathes *weakness*."

"The Supreme Overlady is a very dangerous individual. Were her domain not real one might almost think it a fiction meant to warn of tyranny. Indeed, I have not seen such open advocacy of tyranny and terror since the Third Reich, or perhaps Robespierre... as for Aozora herself it appears she may be trying to alter her methods so as to perhaps make her nation more liveable for its inhabitants, but I have my doubts that these efforts will bear fruit, even if something is done about the voice that apparently torments her. In any case, vague attempts at reform don't make right the horrible processes she seems to have put some of her citizens through. Finally, I can't condone her manipulation of her population into worshipping her and treating the outside world as heretical; even if she is an actual deity, which I both doubt is and hope isn't the case, it's obvious she has no intention of providing for and protecting her subjects rights, unlike our own creator."

So this is that "Fate" person I've seen mentioned in those intelligence reports. I'll be honest, I'm not very fond of her tendency of threatening to alter other nations' or people's histories, something that I have seen her do on multiple occasions. It just smells like imperialism, something that is rather... out-of-character for the Valentian government. Furthermore, it seems somewhat arrogant of her to call herself "Fate of Existence and the Omniverse".

Anyway, my overall opinion of this Fate? I'm somewhat negative on her as a person, but on her abilities? No one should have that much power.

Whereas I am not hesitant to perhaps use unsavory methods in the undertaking of this task, Wilkins has proven himself unwilling to do what is needed to be done in this regard. That is why I estimate the nation of Ducitallia will eventually end in failure, for its inept government might well prove too tentative to bring about national harmony. If he truly wishes for his nation's success and prosperity, I recommend the Prime Minister strengthen his resolve and take the appropriate action needed against inessential minorities and divisive political elements. I would like to ask Valentine to maybe consider doing Sanghyeok just so that this doesn't get out of hand. Or for it to continue with BN doing Sanghyeok as they've stated that they are willing to do an opinion on Valentine.

The OP specifically states 'reserving' posts is bad, so no

"Valentijn; oh, what an interesting phenomenon. How tall must you be? Honestly, I cannot understand as to how he has not been interned for scientific study! Regardless, the dictatorship [both in the contemporary and historical sense] he wields appears to be of an innately fascistic nature. On a personal level, I cannot even imagine the amount of people who suffer, ruthlessly lead astray by the honey-sweet lies of this tyrant. They have become enslaved by the dystopian chains of plenty and abundance, as the social distance between them and their overlords grows greater and greater. Valentijn's reign of terror is a disgrace."

**THE PEOPLE ETERNAL**

" We will not bow to your dictation. We are free. We bled to be free. Who are you to tell us what we may and may not do? **We stopped being your slaves an era ago.** "

**South Reinkalistan** is a massive, ecologically-diverse nation notable for its roving student militias and widespread hatred for the elderly. In the midst of a room-temperature cultural revolution that's lost its momentum, the Party carefully plans its next move. As the brittle bones of fragile empires begin to crack beneath their own weight, history's symphony reaches crescendo pitch. The future is all but certain.
