High treason for all high-ranking members, usually seen as everyone in the 5 highest ranks. Depending on how blatant and/or public they were, life imprisonment or death by hanging. For minor members, it would be prosecuted as conspiracy to commit high treason, which has a sentence of 40 years to life.

Ninja'd: Depending on what actions one committed while impersonating an officer and what their intent was when doing it, 1 day to 3 years.

The assassination of a high-ranking official or leader of a foreign state?

At first, the Great Orlesian Orator would be surprised that his pet lion would be killed at all by a single individual, then, said individual would be tied to ropes within the public square. After rotting there for two days, a pride of 6 lions will slowly maul them to death, and then eat their corpse in front of the public.

Burning vitally important government documents.

Severe corporal punishment and then forced to swim laps in the glacier waters until we say stop. Depending on who the criminal is they may ultimately be executed for this crime.

- Accepting a deal with foreigners to sell your own governments classified intelligence to spitefully put a stain on your own nations reputation and then trying to flee the country to receive a secured and paid luxurious lifestyle in their country.

Prison for 5 years, 1 more for stolen property, community service for property damage, and all deaths caused will be 15-45 years, so anything between 5 years and 51 years of prison plus 6 months community service.

Murder?

Aggravated Arson during a time of unrest. 5-15 years hard labor, if people died, death penalty.

**Gopnikea wrote:**

Protest is illegal, death.

Honour killing of an individual who has brought shame to a family

Death penalty. Killing others who have not been duly convicted in a Commonwealth court of law and rightfully sentenced of a capitol crime, brings shame and much dishonor to the people of the Commonwealth.

Accidentally burning down your neighbors home while BBQing in your own back yard?
