Impossible is just a big word thrown around by small men who find it easier to live in the world they've been given than to explore the power they have to change it. Impossible is not a fact. It's an opinion. Impossible is not a declaration. It's a dare. Impossible is potential. Impossible is temporary. Impossible is nothing.

Kanye West – Big Brother

Increasing my rating for this album from a 5 to a 7. I may actually want to own it. It's a nice change from the hip hop I'm used to hearing. That said, it's certainly not Kanye's best work, and I stopped liking much of his material after this album.
