Pink Floyd-- "Flaming"

"The atom bombs are piling up in the factories, the police are prowling through the cities, the lies are streaming from the loudspeakers, but the earth is still going round the sun."

The last few songs on this soundtrack (And I think Assassins Creed 2) seem to always be more electronic

Didn't really do a TON today, music-wise or 4th of July-wise, but that's fine.

The sound of loud fireworks at 1 AM because our douchy next door neighbors think it is okay to launch off a bunch of loud ones suddenly after everything has died down. If they did it until then it would be different....but launch a series of massively loud ones after you and everyone else has gone quiet for a while? Kinda uncool.

Not that it is unusual. They launched off loud fireworks at 1 AM a week after 4th of July once. They're pretty big assholes with it at times. The worst part about it for me at that time was that same day I was going to bed at 9 PM to go to the airport at 4 AM for a yearly flight, so I was woke up at 1 AM all of a sudden and it was rather uncool.

It doesn't bother me but I'm more thinking of the other neighbors. I'm usually up at this time, especially lately. I was dozing off on the couch though ☐

Now they've gone silent again...
