Dave goes for a walk at a nearby park, but the exposure to fresh hair, natural sunlight, and normal people freaks him out and runs back inside. He instead becomes something worse than a Discord mod: a R*ddit mod.

Gigachad Keno (formerly known as Matt several posts ago), is captured and brought in front of Dave³, an antagonistic duplicate of the original Dave, for an interrogation. After some failed attempts at getting him to spill it out, GK is eventually thrown in a cell, his energy drained after an unknown amount of time with nothing but D³'s henchmen's harsh attempts at getting him to speak.
