Any weapon, really. If the protestors could make do fantastically with glueing bricks to the road, any weapon will do. So long as they get the job done.

Thanks and yes^^ all my nation's enacted policies are canon and how I want it to be, as well as most NSStats at the bottom. My only, you can call it pet peeve because is so minor it doesn't even matter, problem with NSStats is the way issues count civil rights and social conservatism on a weird off-on system (which is to be non-partisan I know but it makes for a funny end results when it's on such binary system)

Yeah, the Mammon guy is a dick. He loves enslaving people. I'm sure God would probably hate it if you were serving two people at once, so you should

probably dump Mammon before you serve him. 😊
