The Game – Bigger Than Me

Not expecting much from his new album, but I'll give it a shot. It's off to a decent start.

The Game – F**k Yo Feelings (feat. Lil Wayne & Chris Brown)

I can already see where this album is going: Game is going to deliver one of his best performances in a while, perhaps ever (he's *really* killing his verses), but the album is gonna be dragged down by unoriginal production a mediocre features.
