Man, I haven't listened to this song/album in years.

Your nation is like a son. What it does right is your merit, as well as what it does wrong is your fault. When you praise it, be lucid and avoid exaggeration. Praising it too much can make it indolent. On the other hand, when you criticize it, be harsh, but do not ridicule it. Do your best to improve it, not through derision or disdain, but through good examples and dedication.

This stuff started out sounding poppy (The first album), but now it sounds kind of more like techno dance music. Weird techno dance music at that.
