I've seen them a few times now, and as their sig suggests they're definitely a budding F7er ☐

Despite being around 1/4 to 1/3 my nation's age, they have more posts on the forums than me by around 300, and almost surpass me in F7 posts as well. I've also seen them quite a lot around F7 and have even read through some of their II threads. It's safe to say that they're a well-known and well-respected nation and user.

I've seen them a few times in F7, and with quite a high post count, I'd say they are decently well-known..

Despite not managing to interact with AN, from their join date and posts, I believe he is almost well known by some.

They are quite new, yet they are a part of a regional government, and I've seen them for a few times before. I won't say they are well-known yet, but they are definitely on the way there.

Relatively well-known, primarily stemming from their longevity on the site and their rather frequent activity on F7 and from time to time on NSG (might be mistaken here). Completely unaware what role and activity they have in the gameplay community though
